Let the Food Bank help your clients with their tax returns

Every year beginning on January 21, our Tax Assistance Program offers free tax assistance to low-to moderate-income individuals. In 2009 the Food Bank completed more than 35,000 tax returns which returned over \$63,000,000 in refunds. The Tax Assistance Program operates 14 free sites throughout the five boroughs. Each site is staffed by IRS-certified volunteer tax preparers, seasonal, and Food Bank For New York staff and volunteers from corporations, colleges, law schools and the community — all of whom are trained by the Food Bank.

New Yorkers are eligible for free tax assistance if they earn \$50,000 or less with dependents, or \$18,000 or less without dependents. In addition, self-employed people, such as taxi drivers and childcare providers, are eligible for tax credits and free tax preparation. Please encourage your clients to visit one of our tax preparation sites below.
